## حَذْفُ الْعَائِدِ

### Question

What is the benefit of the **عَائِدِ** being omitted?

Faḍīlat al-Shaykh Dr. V. Abdur Rahim (حفظه الله) replies:

What can be made out by the reader / listener is usually omitted. This is economy.

This happens in other languages as well.

In English we say,

*The man who spoke to me is Ali.*

But:

*The man I spoke to is Ali.*

This is for the original:

*The man whom I spoke to is Ali.*
